EGS, Inc. has been working as a prime contractor for the federal government since 2005. A nationwide provider of short and long term contract staffing in the engineering, architecture, environmental, information technology and administrative areas. Our flexible staffing options deliver solutions with urgency, quality and cost effectiveness. We bring together large business infrastructure and scalability with the small business charm of being responsible and responsive. It's all about people, partners and solutions.

People: Our mission to cultivate and maintain relationships with candidates and employees also empowers them through knowledge, coaching and integrity. We educate people about the process of working with a staffing company so they will make an informed decision. We continue to fully develop and communicate their skills and experience via the resume. Most importantly, doing what we say we'll do.

Partners: Our customers, vendors and communities contribute to our success. We partner with our customers to provide the right people at the right price, at the right time. Our industry specific vendor partners allow us to deliver up to date products and services. We are active in our community with partners like Rotary International, multiple Chamber of Commerce's, The National Contract Management Association, The American Staffing Association to name just a few.

Solutions: Our solutions mean your success. Delivering our services in a cost effective manner by designing staffing programs tailored to your needs. We have proven, state-of-the-art systems for candidate sourcing and our experienced recruiters and program managers can identify staffing challenges and quickly deliver solutions.
