

## People | Partners | Solutions

*EGS, Inc. has been working as a prime contractor for the federal government since 2005. A nationwide provider of short and long term contract staffing in the engineering, architecture, environmental, information technology and administrative areas. Our flexible staffing options deliver solutions with urgency, quality and cost effectiveness. We bring together large business infrastructure and scalability with the small business charm of being responsible and responsive. It's all about people, partners and solutions.*

**People:** Our mission to cultivate and maintain relationships with candidates and employees also empowers them through knowledge, coaching and integrity. We educate people about the process of working with a staffing company so they will make an informed decision. We continue to fully develop and communicate their skills and experience via the resume. Most importantly, doing what we say we'll do.

**Partners:** Our customers, vendors and communities contribute to our success. We partner with our customers to provide the right people at the right price, at the right time. Our industry specific vendor partners allow us to deliver up to date products and services. We are active in our community with partners like Rotary International, multiple Chamber of Commerce's, The National Contract Management Association, The American Staffing Association to name just a few.

**Solutions:** Our solutions mean your success. Delivering our services in a cost effective manner by designing staffing programs tailored to your needs. We have proven, state-of-the-art systems for candidate sourcing and our experienced recruiters and program managers can identify staffing challenges and quickly deliver solutions.

## Technical Recruitment Services

EGS has provided full service technical recruitment services across the United States since our inception in 2005.

We have a proven track record of success in IT staffing which allows us to deliver top IT talent to match any organization's staffing needs.

The IT industry is constantly evolving and the market is becoming increasingly competitive to find. Our IT recruitment strategy involves staying knowledgeable in technology trends that may affect your business and creating relationships with talented IT professionals across the country. Our dedicated IT recruiter is constantly building pipelines of talented IT professionals who possess current IT skills in today's market. Consistent communication with current or past employees produces referrals from our trusted resources.

We use cutting-edge sourcing tools and techniques to identify and build long-term relationships with candidates. Our thorough screening process presents you with the most qualified candidates to match the job requirements. When a candidate is presented they have been technically evaluated and have met all necessary requirements both technically and culturally for the specific environment.

Our goal is to effectively deliver a solution to recruit, screen, place, retain and supervise long-term technical personnel. Our IT solutions encompasses the entire Applications Development Life Cycle and IT Infrastructure.

## Flexible Staffing Solutions

Our industry-focused expertise enables us to understand the complexity of your business. We provide flexible solutions for your short-temporary, long-term contract, contract-to-hire or direct placement staffing needs.

*EGS is headquartered in Englewood, Colorado with offices in Arizona and South Carolina. We provide services on a nationwide basis.*
