

Strengths Finder 2.0

Do you have the opportunity to do what you do best every day? Chances are, you don't. All too often, our natural talents go untapped. From the cradle to the cubicle, we devote more time to fixing our shortcomings than to developing our strengths. To help people uncover their talents, Gallup introduced the first version of its online assessment, StrengthsFinder, in 2001 which ignited a global conversation and helped millions to discover their top five talents.

In its latest national bestseller, *StrengthsFinder 2.0*, Gallup unveils the new and improved version of its popular assessment, language of 34 themes, and much more (see below for details). While you can read this book in one sitting, you'll use it as a reference for decades. Loaded with hundreds of strategies for applying your strengths, this new book and accompanying website will change the way you look at yourself--and the world around you--forever.
