Human Resource Outsourcing | HRO

Advantages

We want to be your partner in Human Resource Outsourcing (HRO) services. Our ultimate goal is to enhance your employee engagement so you can focus on your business and customers. We will work diligently with you to understand your business and customize services to not only meet, but exceed your expectations.

We know first hand that taking care of the administration of employees, reporting, and benefits can take up to 60% of your valuable time. With local, state, and federal regulations constantly changing we also understand how daunting it can be to stay current. By partnering with us you will:

- Gain a reliable M/WBE, SBE, DBE, ACDBE partner
- Receive accurate and consistent reporting
- Offer better benefits for your employees
- Be able to focus your attention on your service

Services

We successfully blend technology, processes and people to make our human resource and payroll services the best option for you. Our services include:

- Payroll and benefits administration
- Training
- Human resource management
- Reporting and compliance
- Recruitment and staffing

What makes us different?

Personalized services is often talked about but rarely delivered. We deliver customized human resource services that have been created by listening to you and truly understanding your business and operations. We bring together large business infrastructure and scalability with the small business charm of being responsible and responsive. We have the expertise and knowledge of the laws and regulations to handle the full range of employee engagement. We are a true partner in your business and advocate on your behalf for the best opportunities available.

About Us

EGS Inc. is a Colorado-based, woman-owned, prime contractor with a superior performance record celebrating a decade of service. We proudly hold certifications for M/WBE, ACDBE, SBE and DBE. Susan Fenske, CEO and owner of EGS, Inc., has devoted her career to the staffing industry with more than 25 years' experience. She has been serving on the board of the Colorado Staffing Association since 2005 and currently serves as the Legislative liaison. Susan's dedication to the legal, ethical and professional practices of the staffing industry is at the heart of her business.

EGS is committed to meeting every aspect of our client's goals. One of the keys to our success finding the best personnel is that we understand the clients we support, including their work environment, project mission, culture, and position expectations. We have nationwide staffing capability including an in-house database containing more than 20,000 resumes. We recruit and retain quality staff through a combination of competitive benefits, challenging work, and a defined compensation program. We also utilize a proven method for recruiting and retention that rewards employees for their loyalty, along with offering safety and retention incentives as an effective method for maintaining our zero accident/incident safety record and a 99% retention rate.

Our fees are competitive and flexible to meet your specific needs. Every service is explicitly tailored to reflect your culture and business management approach. We pride ourselves on never offering a generic approach.
