REGIONAL OFFICE LOCATIONS

CORE CAPABILITIES

Engineering

Nuclear, mechanical, electrical, civil, structural, and fire protection engineers.

Environmental

Remediation, waste operations, health physics, radiological control, industrial hygiene, and safety professionals.

Quality Assurance

Quality assurance engineers, NQA-1 auditors, quality control, quality assurance specialists and managers.

Administrative

Procurement and subcontract specialists, document control, financial analysts, program and executive support.

Project Controls

Project controls, schedulers, cost analysts, estimators, and EVMS analysts.

Technology

Software and systems engineers, cybersecurity, network and data center operations, application development.

How we deliver: staff augmentation support services, temporary support services, subcontract services, and direct placement.

WHY EGS

- **Facility Clearance.** Facility clearance in place, with a placement history inside DOE and NNSA secured environments.
- **Established Small Business.** 8(a), WOSB, and EDWOSB with 21 years of federal contracting experience.
- **Active Candidates.** Over 30,000 candidates already screened in house, so requisitions move in days rather than weeks.
- **Flexible Contracting Solutions.** Proven as both prime and subcontractor, so we fit whichever position your capture strategy needs.
- **Rapid Response.** From requisition to hire to deployment.
